Introduction, strategic objectives, analysis and monitoring

Introduction

The Gender Equality Plan is developed to ensure a culture which enables equal opportunities for women and men at Cell4Food. It is a current and important debate being addressed at Cell4Food which will expand the team while lowering gender polarization.

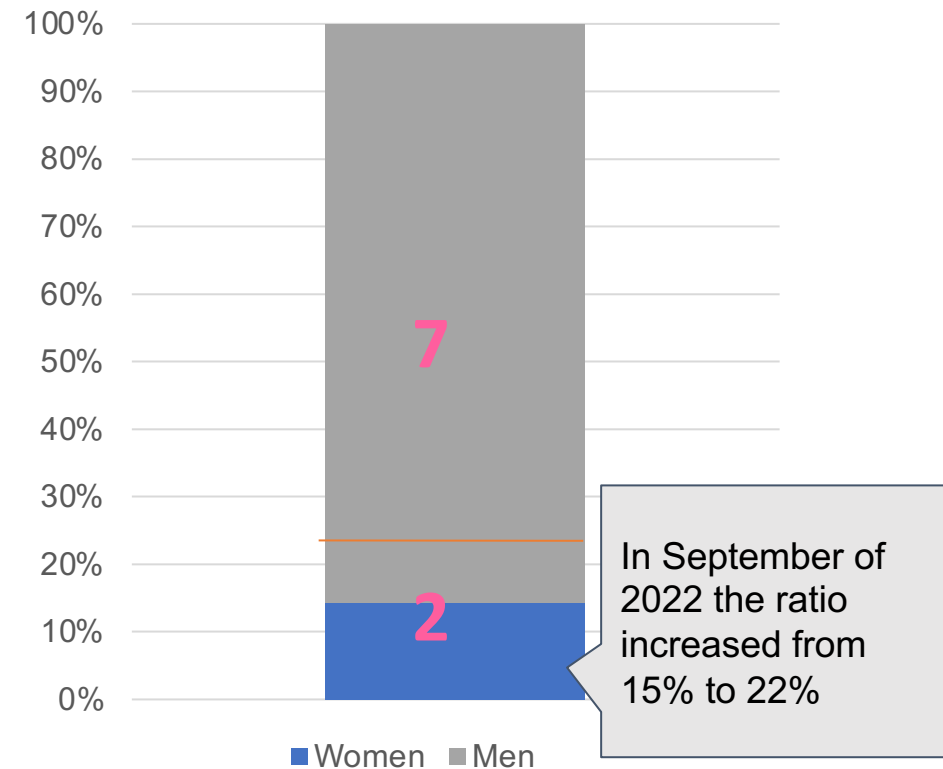

Strategic objectives

Define 4 priority areas of intervention: equal access to employment; performance evaluation and career progression; internal and external information and communication and work-life balance. The areas defined will be continuously monitored for gender equality indicators. The actions contained in the Gender equality plan have the main objectives:

1. External – Promote and improve gender balance among candidates to Cell4Food
2. Internal – Support policies that facilitate work-life balance, career advancement and no gender stereotypes
